

A dense, vibrant illustration of various tropical plants and leaves in shades of green, filling the entire background. The leaves have detailed vein patterns and some show signs of being eaten, with small holes visible. In the center, there is a white rectangular area with a thin orange border. Inside this area, the word 'MEK' is written in large, bold, olive-green capital letters. Overlaid on the 'MEK' text is the word 'yapay cicek' in a black, elegant cursive script.
